

2025 IMPACT REPORT

Education. Technology. Opportunity.

2025 AT A GLANCE

\$400K+

SCHOLARSHIPS

200

LAPTOPS

50

TRAINED

Measurable investments in educational access, digital equity and career pathways.

Opportunity, made tangible.

A MESSAGE FROM OUR FOUNDER

In 2025, our community showed what is possible when generosity is paired with action. Together, we reduced financial barriers to education, placed technology directly into the hands of people who needed it, and connected community members to training and career support.

The numbers in this report represent more than programs completed. They represent people with new tools, new options and new pathways forward.

As we enter 2026, our focus is simple: scale what works, measure the outcomes, and invite more partners to build with us.

Three numbers. One mission.

SCHOLARSHIPS AWARDED

200

LAPTOPS DISTRIBUTED

50

PARTICIPANTS TRAINED

We invest where access can unlock the next opportunity: education, technology and a pathway to work.

Removing financial barriers

2025 SCHOLARSHIP IMPACT

\$400,000+

awarded in scholarship support

Scholarships are not the finish line.

They are the bridge that helps students stay enrolled, continue training and move toward sustainable careers. In 2026, the Pathways to Prosperity Scholarship Fund will build on this work with a \$500,000 fundraising goal.

FROM ACCESS → COMPLETION → CAREER

2026 DIRECTION

200 laptops. 200 points of access.

A device can change what is possible.

In 2025, DSDT Holdings distributed 200 laptops, expanding access to education, job searches, workforce training and the digital economy. In 2026, our Digital Access Initiative will pair devices with practical digital-skills training so recipients receive both the tool and the confidence to use it.

From training to opportunity

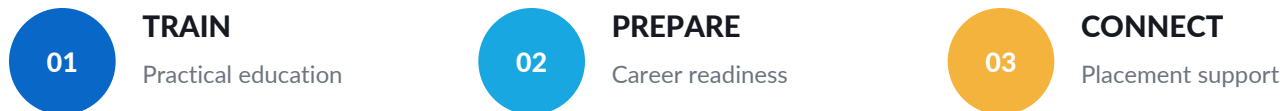

50

COMMUNITY PARTICIPANTS

Through a 2025 community training partnership with Rocket Community, participants received education and career-placement support designed to move learning toward economic opportunity.

The pathway we are building

This model becomes the foundation for the Detroit Tech Career Accelerator and Community AI Literacy Series in 2026.

Powered by partnership

Our impact is made possible by businesses, organizations and individuals that believe education and technology can strengthen communities.

Ford Motor Company	Comerica Bank	General Motors
Ally Financial	First Merchants Bank	Bank of America
Huntington	Meijer	Rocket Community
Black Tech Saturdays	Robert Courtney / Social Media Store	Human-I-T
Comcast RISE	Detroit Tigers	The Joint Chiropractic
General Sports		

Your name belongs here.

We welcome new corporate, foundation and individual partners for 2026.

2026: Six ways to fund the future

01

DIGITAL ACCESS

100 laptops

Devices + digital skills

02

TECH CAREER ACCELERATOR

150 people

AI, cyber, IT + career readiness

03

PATHWAYS TO PROSPERITY

\$500K goal

Need-based scholarships

04

TECH FUTURES YOUTH

75-100 youth

Coding, AI, robotics + financial literacy

05

CAREER LAUNCH DETROIT

100 people

70% placement goal

06

COMMUNITY AI LITERACY

250 residents

Practical AI for work + business

Fund the Future

Choose the impact you want to make.

Support scholarships, digital access, workforce training, youth technology education, career placement or community AI literacy. Every contribution moves someone forward.

- \$2,500

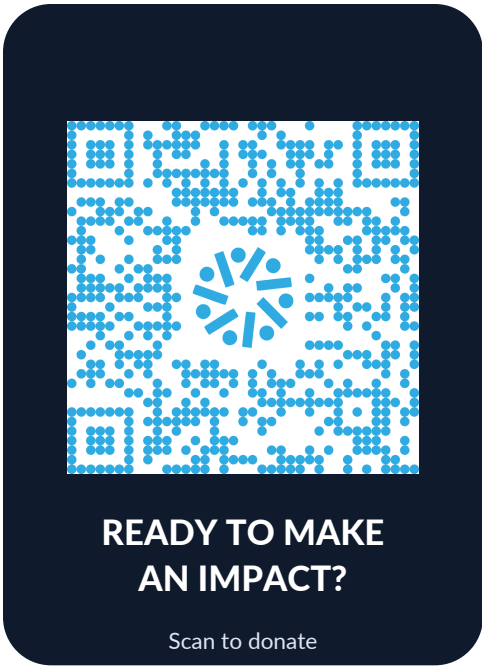

DIGITAL ACCESS
- \$5,000

COMMUNITY TRAINING
- \$10,000

SCHOLARSHIP PARTNER
- \$25,000

WORKFORCE PARTNER
- \$50K+

COMMUNITY IMPACT

Together, we can fund the future of Detroit.

Individuals can give. Businesses can sponsor. Foundations can help us scale.

THANK YOU

FOR INVESTING IN THE FUTURE.

Your generosity is an investment in education, opportunity, technology and economic mobility. Every laptop creates access. Every scholarship creates opportunity. Every person trained gains new possibilities.
